EDUCATION

The University of Texas at Austin, Austin TX   **graduating May 2017**

- ❖ Bachelor of Science in Computer Science
- ❖ GPA: 3.16

WORK EXPERIENCE

IBM, Austin TX   **Sep 2015 - Present**

Software Development Intern

- ❖ Full-stack cloud development

Pearson, Austin TX   **Jun - Aug 2015**

Software Development Intern

- ❖ Front-end development on "Project Bungee" with the goal of making the process of viewing an arbitrary question or testmap in the TestNav8/TN8 client drastically quicker and easier for developers
- ❖ Created a webpage to serve as a UI to allow a user to easily interact with the TN8 Previewer and wrote a proxy server using Node.js to act as an intermediary
- ❖ Completed a log parsing app in Meteor.js which allows authorized users to upload, view, and share log files and their parsed results; deployed on an AWS/EC2 instance

Intertek, San Antonio TX   **May - Aug, Dec 2014 - Jan 2015**

Information Systems Intern

- ❖ Installed, configured, and repaired various hardware, software, and operating systems; maintained and fixed old computers
- ❖ Edited old code to be compatible with newer software and increased their functionality; wrote new programs to manipulate and format data in Excel VBA to be exported in reports to customers

TECHNICAL SKILLS

Languages:	*Proficient in:*	Java/JavaEE, JavaScript, HTML, CSS
	Experience in:	C, SQL
Other:		Git, jQuery, Node.js, Meteor.js, REST, Ajax, JSON/XML, AWS

PROJECTS

Bomberguy, https://budang.github.io/bomberguy   **Mar 2015**

- ❖ A variation of the classic NES game Bomberman using Phaser.io, a popular framework used to create JavaScript/HTML5 games

Welcome to Brandon, http://budang.github.io   **Jun 2014 - Present**

- ❖ Personal website portfolio/profile to demonstrate web development abilities, particularly with JavaScript/jQuery, HTML, and CSS

COMMUNITY AND LEADERSHIP

TDDT (Texas Dragon/Lion Dance Team)   **Sep 2013 - Present**
